

A View from the Hill

A Letter from the Mayor

Dear Residents of Rock Hill,
The combination of the pandemic and the winter weather has had an impact on the trash & recycle hauler. With frustration high, I have spoken with Waste Connections representatives to discuss improvements to communication and hopefully better service moving forward.

Feb. 2022

Winter weather is not over yet. We continue to ask if snow and ice is forecasted, please park your vehicles off the street if possible. This will allow us to remove the snow more efficiently and avoid your car being plowed in.

It's hard to believe Spring is on the way, but March will be here before we know it. With spring comes picnics! We want to remind residents we have the pavilion at Oakhaven Park as well as Turner Park available for rental. To rent a pavilion for your next family picnic reach out to the Parks and Recreation Department at: knieman@rockhillmo.net.

Hear a chirp, make a change!
A CHIRPING ALARM means the battery, or the entire alarm, must be replaced.

CHIRP! CHIRP! CHIRP! CHIRP!

 Residents who need assistance with their Smoke Detectors can contact the Rock Hill Fire Department at 314-962-6254

Waste Connections now has an App. The App gives trash day reminders, notifications and a wizard where you can search items to find the appropriate place to dispose of it.

Rock Hill Police Department

Tax Season Fraud Reminder

Tax season brings its own special scams. This is just a reminder that the IRS will not call you to say you owe taxes, just as the sheriff or police will not call to say you have a warrant. If you get a phone call that sounds too good to be true, or threatens you like this, it is probably a scam. The best thing is to just hang up. If you question its validity, you can contact them back at a number you know is valid, not the one they called you from.

Help stop crime by locking your car doors every night!

Remember to remove valuables and garage door openers from your car. Don't forget to take any keys or key fobs out of your vehicle. Keeping your outside lights on can help! If you keep your vehicle parked in your driveway, keep the outside lights on to deter any unwanted visitors coming onto your driveway and away from your car. The more lit up the neighborhood, the less likely vehicles will be burglarized, damaged, or even stolen! Report suspicious activity. For example, if you see someone pulling on car door handles call 911. Be sure to close your overhead garage door. Lock your interior garage door if possible. Officers are always out in the neighborhoods but we need your help to keep everyone safe. Be sure to report anything suspicious.

Rock Hill Fire Department

The Fire Department encourages you to have an escape plan with an outdoor designated place to meet should a fire occur. Please make sure house numbers are visible from the street.
