## A Letter from the Mayor

Dear Residents of Rock Hill,  
I would like to welcome you to our first edition of our monthly E-newsletter. I invite you to spread the word to friends and neighbors. They can sign up to receive notification of the newsletter on our website: [rockhillmo.net](http://rockhillmo.net).

As the kids are returning to school, I hope they are navigating the COVID-19 guidelines successfully. The Webster Groves School District is currently looking for student's stories from their time at Steger before it closes. I invite all of my fellow alumni to submit an article, I look forward to reading all our memories.

We are currently looking for a resident to serve on the Community Development Commission. The Commission meets monthly, the fourth Thursday of the month at 7 p.m. The Commission is responsible for coordinating the annual Fall Festival. Please contact me if interested in joining.

We will be hosting another Facebook Live Coffee with the Mayor this Wednesday night. Be sure to log in. Wednesday, Sept. 16 at 6 p.m. Find us on the [City of Rock Hill Facebook Page](#) or on the main page of the [website](#) under "Social Media."

Lastly, I would like to congratulate Brite WorX Car Washery and The Hanger Kitchen + Bar on their opening. Be sure to make time to check them both out!

Edward Mahan, Mayor

## Rock Hill Police Department Update

### REAL VICTIMS / REAL SCAMS in our CITY

We encourage residents to be cautious as criminals are always looking for ways to scam victims. Here a couple of examples to look out for.

A Rock Hill resident stated he was scammed out of \$300. The resident stated that he was contacted by e-mail from a person identifying himself as a supervisor from his company, requesting that he get a MoneyGram for \$300 and send it to him for security cameras being sent to the company and for an updated business license. The resident stated he responded to CVS and purchased the \$300 MoneyGram which he sent to the on-line code number he had been given. The supervisor in the company, who was a real person, was later contacted and advised that he never sent any e-mail or request.

A local resident, who was seeking citizenship, was contacted by "immigration service" (scammer) and was threatened to be arrested and deported unless they paid \$3,000 in Bitcoin to an unknown individual. The resident not knowing any better, went to the bank, withdrew the money, went to the nearest Bit-Coin kiosk and sent the money to the individual. After they completed the transaction, they attempted to call the number back and inform them. Upon placing the call, they were notified that the number had been disconnected. The resident was never in any danger of being arrested or deported, but due to their citizenship being threatened, they acted out of fear.

Someone pretending to be from Ameren contacted a resident and threatened to cut off services due to late payments and told the resident to go buy gift cards and send them to a pre-designated number. Fortunately, the resident called the police department.
