Certificate of Achievement for Excellence in Financial Reporting

Presented to

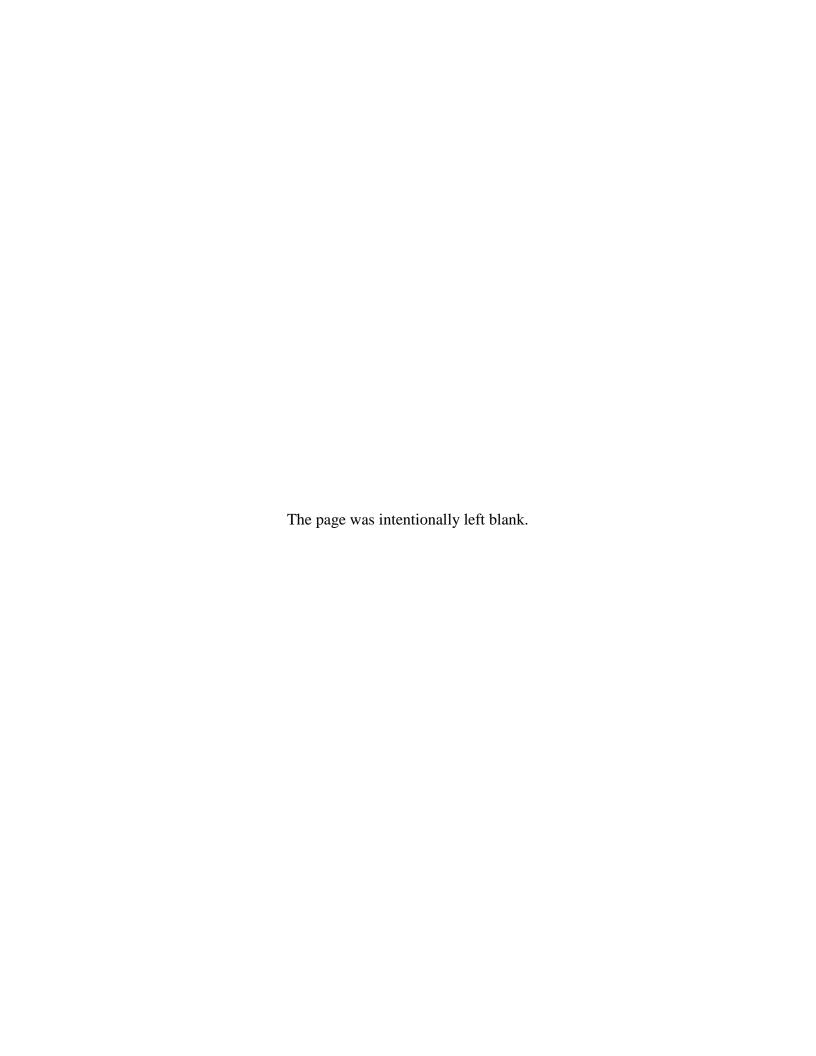

City of Rock Hill Missouri

For its Comprehensive Annual Financial Report For the Fiscal Year Ended

March 31, 2020

Christopher P. Morrill

Executive Director/CEO

827 N. Rock Hill Road • Rock Hill, MO 63119 • (314) 968-1410 • Fax (314) 968-4843

August 30, 2021

The Honorable Mayor Edward Mahan, Members of the Board of Aldermen, and the Citizens of the City of Rock Hill, Missouri

We hereby present this Comprehensive Annual Financial Report (CAFR) for fiscal year ended March 31, 2021, for the City of Rock Hill, Missouri (the City) for your review. This report was prepared using U.S. generally accepted accounting principles (GAAP) and audited in accordance with U.S. generally accepted auditing standards by an independent firm of licensed certified public accountants.

This report is the City's management representations concerning the finances of the City and, therefore, management assumes full responsibility for the completeness and reliability of all information presented in this report. The City's Administration Department prepared this report and believes that the financial statements, supporting schedules, and statistical information fairly present the financial position of the City. We further believe that all presented data is accurate in all aspects and that all necessary disclosures have been included to enable the reader to gain a reasonable understanding of the City's financial affairs. To provide a reasonable basis for making these representations management of the City has established a comprehensive internal control framework that is designed to protect the City's assets from loss, theft, or misuse and to compile sufficient, reliable information for the preparation of the City's financial statements in conformity with GAAP. This internal control structure is designed to provide a reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of control should not exceed the benefits likely to be derived, and 2) the valuation of costs and benefits require estimates and judgments by management.

The City's financial statements have been audited by Fick, Eggemeyer & Williamson Certified Public Accountants PC a firm of licensed, certified public accountants. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the City for the year ended March 31, 2021, are free of material misstatement. Based on their audit, they concluded that there was a reasonable basis for rendering an unmodified opinion of the financial statements for the year ended March 31, 2021. They also concluded that the financial statements are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditors' report.

Profile of the City

The City is located in St. Louis County and is approximately three miles west of the City of St. Louis, Missouri. The City covers approximately 1.1 square mile and serves 4,635 residents.

The City was incorporated in 1929 as a fourth class city under Missouri statute. The City operates under a mayor-board-administrator form of government. The Board of Aldermen is comprised of six aldermen and a mayor. Two aldermen are elected from each of the City's three wards and serve two-year terms. The mayor, elected at large to serve a four-year term, is the presiding officer of the Board of Aldermen. The Mayor may vote in the event of a tie vote by the Board of Aldermen. In addition, one alderman is elected as Board President to act in the Mayor's behalf during his absence. The Board of Aldermen is responsible for, among other things, passing ordinances, adopting the budget, appointing committees, and appointing the City Administrator and the City Clerk. The City Administrator is responsible for carrying out the policies and ordinances of the Board and for overseeing the day-to-day operations of the City.

The City has approximately 35 full-time and 7 seasonal employees and provides a range of municipal services including general administration, police protection, fire protection, municipal court, planning and zoning, public works, and parks and recreation.

The annual budget serves as the foundation for the City's financial planning and control. All of the departments of the City are required to submit requests for funds to the City Administrator who uses these requests as the basis for a proposed budget. The City Treasurer develops estimates of revenues for the upcoming fiscal year which are also incorporated into the proposed budget. The City Administrator, along with department heads, presents the proposed budget to the Mayor and Board of Aldermen who hold work sessions in addition to board meetings and adopt a budget by April 1. The budget is prepared by fund, department (e.g., police), and line item (e.g., office supplies). The City Administrator has authority to transfer funds between line items within individual departments. Transfers of funds between departments require the approval of the Board of Aldermen. Budget-to-actual comparisons are provided in this report for each individual fund for which an annual budget was adopted. For the General Fund, this comparison is presented as part of the financial statements for the governmental funds.

Factors Affecting Financial Condition

The information presented in this report is best understood within a broader economic context.

Local Economy. The City is a suburban community located in St. Louis County with easy access to Interstate 64. The City has a mix of commercial, industrial, and residential property.

The City has a variety of housing within its borders. The majority of the housing was constructed post-World War II. In the last few years the city has seen an uptick in new home construction. The city saw the construction of 7 new houses between April 1, 2020 and March 31, 2021. Many of the new houses are replacing older, neglected houses in the city.

The City has a commercial corridor along Manchester Road that stretches most of the length of the City. The COVID-19 pandemic impacted the city's commercial corridor. Stein Mart, Club Fitness, and McDonalds all closed their locations within the City. Local businesses were shut down for a portion of the year or had their occupancy rates limited due to health orders from St.

Louis County. Despite these challenges, the majority of the City's businesses have adjusted their business practices and continue to operate. The City even saw the opening of several new businesses including Hangar Kitchen & Bar, Briteworx Car Washery, and New Growth Horizons, a medical marijuana cultivation, manufacturing, and dispensing facility located within the City's industrial court.

Long-term Financial Planning and Major Initiatives. In fiscal year 2021 the City added \$164,165 to fund balance. The ending unassigned fund balance is \$839,530 which is 27% of Fiscal Year 2021 budgeted expenditures. The policy goal is to maintain a General Fund balance of 25% of operating expenditures so that City services are not adversely impacted by fluctuating economic conditions. The City receives its primary revenue from sales, property and utility taxes at 30%, 18% and 10% of revenues, respectively. The Board of Aldermen approved placing both a Use Tax and Pension Property Tax on the April 2021 ballot. The Use Tax is a sales tax on goods purchased from out of state vendors. The City estimates that the tax will generate between \$100,000 and \$130,000 of additional sales tax revenue for the City. The Pension Property Tax would generate approximately \$320,000 a year and fund all of the City's annual pension obligations.

The Board of Aldermen has approved two Tax Increment Financing (TIF) projects in the last fifteen years designed to improve sales tax revenues for the City. The first TIF is the McKnight Crossing development and was completed in 1999 with 40,000 square feet of retail and commercial space. December 1, 2012, the McKnight Crossing TIF revenue bonds were retired in full and the TIF district was terminated. The second TIF includes 46 acres split north and south of Manchester Road west of the McKnight intersection. The project is being done in two phases. Phase one (SW TIF), Market at McKnight, has 127,300 square feet of retail space and was substantially completed in 2008. The Market at McKnight continues to be a popular destination for shoppers in the area. The Market at McKnight recently lost Lucky's Market at the beginning of 2021. Stein Mart also announced it is closing all of its stores nationwide as part of a bankruptcy. The city expects this closure to impact the current fiscal year. The Market's developer is actively seeking new tenants to fill these two spaces. Phase two (NW TIF), was completed in 2012 and is occupied by a CVS Pharmacy.

One of the City's major initiatives continues to be street repair work. The city created a 10-Year Infrastructure Plan to guide street repair decisions. The plan is designed to allow one major street project per year on a rotating cycle through the city's three wards. The COVID-19 pandemic and the uncertain financial impact caused the City to delay approximately \$500,000 of the \$720,000 of street work that was planned for FY20/21. The City did complete Crawford Ave because it was under construction at the beginning of the pandemic. The City delayed, Kortwright Ave, Lithia, and Shortridge Ave. Prior to the pandemic, the City had submitted an STP grant application for the portion of North Rock Hill Road south of Manchester Road. The City withdrew its application at the beginning of the pandemic.

Financial Policies. The City contracts with the City of Kirkwood for all of the duties associated with the City's Finance Department. This arrangement gives the City access to a larger Finance Department Staff while still maintaining the level of professionalism and financial knowledge. The partnership has resulted in a reorganized budget, streamlined processing for court bonds and a review of financial policies.

D- -- ---

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended March 31, 2020. This was the eleventh year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated service of the City Treasurer. We would like to express our appreciation to all members of the various City departments who assisted in the preparation of this report. We would also like to thank our auditors, Fick, Eggemeyer & Williamson Certified Public Accountants PC, for their help in preparing this report. Credit also must be given to the Mayor and the Board of Aldermen for their unfailing support for maintaining the highest standards of professionalism in the management of the City's finances.

Respectfully submitted,

Jennife J. Yackley

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Board of Alderman City of Rock Hill, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Rock Hill, Missouri, as of and for the year ended March 31, 2021, and the related notes to the financial statements, which collectively comprise the City of Rock Hill, Missouri's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Rock Hill, Missouri, as of March 31, 2021, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis budgetary comparison information, schedule of changes in net pension liability and ratios and schedule of contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Rock Hill, Missouri's basic financial statements. The introductory section, combining balance sheet, combining scheduled of revenues, expenditures and changes in fund balance, budgetary comparison information, statement of changes in assets and liabilities – agency fund, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining balance sheet, combining scheduled of revenues, expenditures and changes in fund balance, budgetary comparison information, statement of changes in assets and liabilities – agency fund are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining balance sheet, combining scheduled of revenues, expenditures and changes in fund balance, budgetary comparison information, statement of changes in assets and liabilities – agency fund are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated August 30, 2021, on our consideration of the City of Rock Hill, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Rock Hill, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Rock Hill, Missouri's internal control over financial reporting and compliance.

Fick, Eggemeyer & Williamson

Fick, Eggemeyer & Williamson, CPA Saint Louis, Missouri August 30, 2021

As management of the City of Rock Hill, Missouri (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended March 31, 2021. We encourage readers to consider the information presented here along with the City's financial statements, including footnotes that follow this Management Discussion and Analysis (MD&A).

FINANCIAL HIGHLIGHTS

• On a government-wide basis, the City's liabilities and deferred inflows exceeded its assets and deferred outflows at the close of the most recent fiscal year by \$9,499,667 (*net position*). The City has an unrestricted deficit of net position totaling \$24,602,362. (see Table 1)

| Table 1 Unrestricted Deficit Net Position Summary | | | | |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------|--|--|--|
| TIF bonds and notes net of unamortized bond discount and deferred amount on refunding Interest payable on the TIF bonds and notes Net pension liability net of deferred outflows and inflows related to pension Positive change in net position from operations | \$ (20,037,365) (4,455,109) (883,352) 773,464 | | | |
| Unrestricted deficit net position | \$ (24,602,362) | | | |

- The total cost of City programs increased by \$211,668, or 3.4%, and net program costs (program revenues less program expenses) were \$560,752 more than they were in fiscal year 2020. (see Table 4)
- At the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$5,140,731, which was an increase of \$164,165 in comparison with the prior year. This increase is primarily attributed to the St. Louis County CARES Municipal Relief Program funding. Approximately 16% of the total amount is available for spending at the City's discretion (unassigned fund balance).
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$839,530, which was approximately 27% of total General Fund expenditures.
- The City's total long-term liabilities, net of premium and discount decreased \$1,323,232 during the current fiscal year. Table 2 below summarizes the items contributing to this decrease.

| Table 2 Long-term Liabilities Decrease | | | |
|-----------------------------------------------------------------------------------------------|-----------------------------------------------|--|--|
| Debt repayment Amortization – premiums Amortization – discount Change in compensated absences | \$ (1,300,000) (48,915) 8,938 16,745 | | |
| Total decrease in long-term liabilities | \$ (1,323,232) | | |

OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of four parts: 1) management's discussion and analysis (*this section*), 2) the basic financial statements, 3) required supplemental information, and an optional section 4) other supplemental information. Figure A, on the next page, shows how the parts of this annual report are arranged and relate to one another. The basic financial statements include two kinds of statements that present different views of the City:

- The first two statements are *government-wide financial statements* that are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. They provide both long-term and short-term information about the City's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the City's government and report operations in more detail than the government-wide statements. These statements present a short-term perspective of how services were financed as well as what remains for future spending.

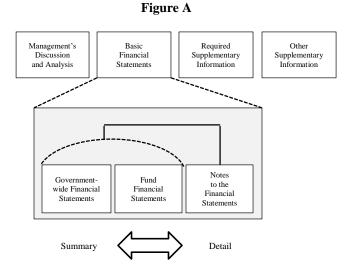

Figure B summarizes the major features of the City's government-wide and fund financial statements, including the portion of the City government they cover and the types of information each contains. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

| Figure B Major Features of the City's Government-wide and Fund Financial Statements | | | | | |
|-------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|
| Government-wide Statements Governmental Funds | | | | | |
| Scope | Entire City government (except fiduciary funds) and the City's component units | The activities of the City that are not fiduciary, such as administration, police, fire, public works, capital improvements, and parks | | | |
| Required financial statements | Statement of net position Statement of activities | Balance sheet Statement of revenues, expenditures, and changes in fund balance | | | |
| Accounting basis and measurement focus | Accrual accounting and economic resources focus | Modified accrual accounting and current financial resources focus | | | |
| Type of asset/liability information | All assets and liabilities, both financial and capital, and short-term and long-term | Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets are included | | | |
| Type of inflow/outflow information | All revenues and expenses during year, regardless of when cash is received or paid | Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter | | | |

Government-wide financial statements. The government-wide financial statements include the statement of net position and the statement of activities. These statements are designed to provide a broad overview of the City's finances, in a manner similar to a private-sector business. Note that the government-wide financial statements exclude fiduciary fund activities.

The *statement of net position* (on page 18) presents information about all of the City's assets and deferred outflows of resources, and liabilities and deferred inflows of resources using the accrual method of accounting, with the difference between the two being reported as net position. Net position is one way to measure the City's financial health or financial position. Over time increases and decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. However, you will also need to consider other nonfinancial factors such as changes in the City's sales tax base, the amount of snowfall during the winter season, changes in service levels, and the condition of municipal roads and facilities to assess the overall health of the City.

The *statement of activities* (on page 19) accounts for all of the fiscal year's revenues and expenses for the City. It presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. As a result, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal years such as uncollected taxes and interest and earned but unused vacation leave.

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to cover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general administration, police services, fire services, public works, parks and recreation, housing, and judicial. The City does not operate any business-type activities.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and fiduciary funds. The City has no proprietary (enterprise or internal service) funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide statements, the governmental funds financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and the government-wide governmental activities.

The City maintains ten individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the following major funds: General Fund, Park Fund, SW TIF Fund, General Capital Projects Fund, Infrastructure Capital Projects Fund, and Debt Service Fund. Data from the other governmental funds are combined into a single, aggregated presentation called "other governmental funds". Individual fund data for each of these nonmajor governmental funds are provided in the form of combining statements in the other supplemental information section of this report.

The City adopts an annual appropriated budget for all of its funds. Budgetary comparison statements have been provided for all budgeted funds to demonstrate legal compliance with the respective adopted budget.

The governmental funds financial statements can be found on pages 20 through 23 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds (which the City has none). The statement of fiduciary net position and statement of changes in fiduciary net position - Pension Trust Fund can be found on pages 24 and 25 of this report.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 26 through 54 of this report.

Required supplemental information. In addition to the basic financial statements and accompanying notes, certain required supplemental information can be found on pages 55 through 65 of this report.

Other supplemental information. The combining and individual fund statements, referred to earlier in connection with nonmajor governmental funds, are presented immediately following the required supplemental information. Combining and individual fund statements can be found on pages 66 through 72 of this report.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The City presents its financial statements under the reporting model required by the Governmental Accounting Standards Board Statement No. 34 (GASB 34), Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments.

Net Position

As noted earlier, net position may serve over time as a useful indicator of the City's financial position. In the case of the City, combined net position (deficiency) decreased to (\$9,499,667) from a deficit of (\$9,431,997), or 0.7% in the most recent fiscal year (see Table 3 on the next page).

| Table 3 Condensed Statement of Net Position | | | | | | | |
|---------------------------------------------|-----------------|----------------|--------------|---------|--|--|--|
| | March | 31, | 2021 Ch | ange | | | |

| Total Deferred Outflows | | | | | | | |
| of Resources | 1,037,538 | 1,138,688 | (101,150) | (8.9) | | | |
| LIABILITIES | | | | | | | |
| Current liabilities | 4,823,305 | 3,768,229 | 1,055,076 | 28.0 | | | |
| Long-term liabilities | 29,854,359 | 31,634,020 | (1,779,661) | (5.6) | | | |
| Total Liabilities | 34,677,664 | 35,402,249 | (332,980) | (0.9) | | | |
| DEFERRED INFLOWS | | | | | | | |
| OF RESOURCES | | | | | | | |
| Deferred - related to pension | 790,848 | 408,163 | 382,685 | 93.7 | | | |
| NET POSITION | | | | | | | |
| Net investment in capital assets | 10,725,382 | 10,508,086 | 217,296 | 2.1 | | | |
| Restricted | 4,377,313 | 3,965,191 | 412,122 | 10.4 | | | |
| Unrestricted (deficit) | (24,602,362) | (23,905,274) | (697,088) | (2.9) | | | |
| Total Net Position | \$ (9,499,667) | \$ (9,431,997) | \$ (67,670) | (0.7) | | | |

A portion of the City's net position, \$10,725,382 in 2021, reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure), less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position, \$4,377,313 in 2021, represents resources that are subject to external restrictions on how they may be used. External restrictions include those imposed by grantors, contributors, regulations or other governments, or restrictions imposed by law through constitutional provisions or legislation.

The remaining category of the City's net position represents a deficit unrestricted net position balance of \$24,602,362 in 2021. This deficit is comprised of \$773,464 in unrestricted net position from operations offset by an unrestricted net position deficit resulting from the balance of \$20,037,365 in TIF bonds and notes outstanding and interest payable on these bonds notes of \$4,455,109 at year-end for infrastructure assets not owned by the City. The TIF notes are limited obligations of the City and are funded only by incremental revenues generated within the TIF district. The remaining unrestricted net position deficit of \$883,352 is for net pension liability net of deferred outflows and inflows related to pension.

Change in Net Position

Change in net position between 2021 and 2020 are shown in Table 4 below. The City's total revenues were \$6,399,146. Approximately 30% of those revenues came from sales taxes, 18% of the revenues from property tax, and 6% came from fees charged for services rendered. Most of the other remaining revenues came from utility taxes and other revenues. Change in net position decreased the City's net position by \$67,670.

The different types of normal impacts that can affect revenues include the following:

1) *Economic conditions* can reflect a growing, stable, or declining environment and have a substantial impact on property taxes, assessments, retail sales, gasoline, and other tax revenues as well as consumer spending habits as it relates to building permits, user fees, and other consumption revenues.

- 2) The Board of Aldermen has significant authority to set *increases or decreases in City rates* (property taxes, permitting, etc.).
- 3) Changing patterns in intergovernmental and grant revenues (both recurring and nonrecurring) can significantly change and impact revenues and the annual comparisons.
- 4) Market impacts on investment income may cause investment revenues to fluctuate from the prior year.

Total City expenses for 2021 were 6,466,816, or 67,670 more than the total revenues generated. Expenses increased 211,668 or 3.4 % compared to 2020.

Key elements (see Table 4) of the increase or decrease in net position are listed below. It is important to note that the key elements listed below were impacted from the declaration of the COVID-19 coronavirus global pandemic and the Missouri governor and St. Louis County executive declaring a public health state of emergency. This declaration was followed by "shelter in place" orders and businesses were operating at limited capacity or closing for this period. Unless noted otherwise the reader can assume the changes listed below for this fiscal year were effective by the COVID-19 pandemic emergency orders.

- Charges for services decreased \$314,130 or 47% compared to fiscal year 2020. Municipal court (\$248,325) and business license (\$65,424) revenues were the largest contributing factors for this decrease.
- Sales taxes, the City's largest revenue source, decreased in 2021 by \$201,652. In addition to the COVID-19 pandemic, the City had the closure of several businesses that included a specialty grocer and a fast food establishment.
- The City received St. Louis County CARES Municipal Relief Program funds of \$318,754 which helped to minimize the effects of revenue losses due to the COVID-19 pandemic.
- Fire service costs increased \$104,104 or 9% primarily due to fire department staff member out on COVID leave and minimum staffing requirements had to be filled.
- Police service costs increased \$169,287 or 14.6% primarily due to staff turnover as well as staff shortage due to COVID quarantine requirements.
- Administration service costs for 2021 decreased \$93,685 or (10.1%). The primary contributor is a reduction in the City's contribution for health insurance premiums. This reduction was in response to the economic uncertainty that resulted from the COVID-19 pandemic.

Governmental Activities

Figure C-1 presents a comparison of the cost and revenues generated by each of the City's programs. Overall, program revenues were 16% of program expenses. This resulted in a net cost (total cost of programs less fees generated by the activities and intergovernmental aid) of \$5.4 million. The net cost demonstrates the financial burden that was placed on the City by each of these functions. The City paid for this \$5.4 million "public benefit" portion of the cost with property taxes, sales, other taxes, licenses and permits, and investment earnings.

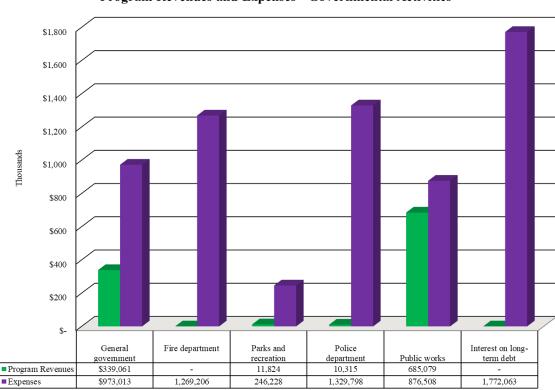

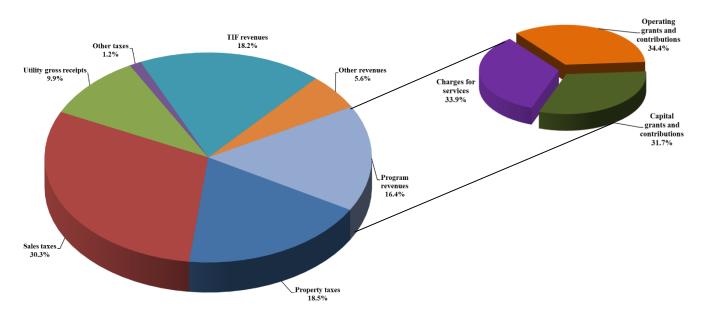

Figure C-1
Program Revenues and Expenses - Governmental Activities

General revenues, which include such items as property taxes, sales taxes, utility taxes, and other revenue, were \$5.4 million or 84% of all City revenues (see Figure C-2). Program revenues accounted for the other 16%. Of that amount, charges for services, which include such items as business licenses, municipal court fines, and permits, accounted for 34% of program revenues.

Other key revenue items were as follows:

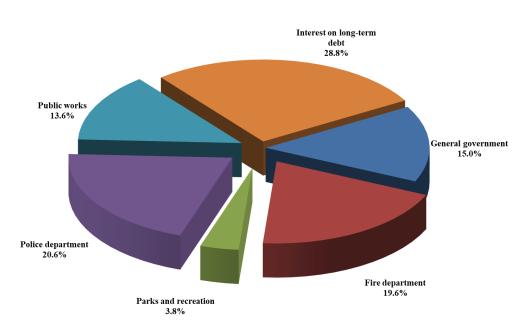

- Sales taxes were the City's largest revenue source, generating 30% of all revenues.
- Property tax accounted for 18% of all revenues with 12% allocated to debt service.
- Utility gross receipts accounts for 10% of all revenues. Utility taxes are charged on the utility services provided within the City.
- Other taxes accounts for 19% of all revenues but includes 18% TIF revenues.

Figure C-2 Revenues by Source – Governmental Activities

The City's expenses cover a wide range of services, with 40% of them related to police and fire services (see Figure C-3). Public works, which includes road maintenance and improvements and storm water enhancements, account for another 14% of program expenses. Interest on long-term debt accounts for 29% and other city services (general government and parks) make up the remaining 17%.

Figure C-3
Program Expenses - Govenmental Activities

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At March 31, 2021, the City's governmental funds (presented in the balance sheet on page 20) reported a combined fund balance of \$5,140,731, which is an increase of \$164,165 in comparison to the prior year (as presented in the statement of revenues, expenditures, and changes in fund balances on page 22).

Approximately 19% of the governmental funds combined fund balances or \$839,530 constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of the fund balances are restricted and nonspendable to indicate that it is not available for new spending because it is limited to capital projects (\$1,114,422), debt service (\$516,500), parks and stormwater (\$271,032), police training (\$6,514), sewer lateral (\$27,482), tax increment financing (TIF) (\$2,337,925), and prepaid items (\$27,326).

Table 5 and Table 6 provide an overview of revenues by source and expenditures by function for all governmental funds.

| | | | | | | |

Governmental funds expenditures decreased by \$1,211,889 compared to fiscal year 2020 (see Table 6). Capital outlay expenditures decreased by \$671,276 primarily due to the deferring of budgeted capital projects because of the economic uncertainty due to the COVID-19 pandemic.

| | | | | | |

General Fund – The General Fund is the chief operating fund of the City. At the end of fiscal year 2021, the unassigned fund balance of the general fund was \$839,530, which was 97% of its total fund balance of \$865,997. As a measure of the General Fund's liquidity, it is useful to compare both the unassigned fund balance and total fund balance to the total fund expenditures. Unassigned fund balance and total fund balance represent 27% and 28% of total General Fund expenditures, respectively.

In fiscal year 2021, the General Fund's net change in fund balance before other financing sources (uses) decreased \$120,904 which is an increase of 31,178 from fiscal year 2020. See Table 7 on the next page. The increase is the result of funds from the St. Louis County CARES Municipal Relief Program of \$318,754 which help offset the \$223,201 decrease in revenues compared to fiscal year 2020.

| Table 7 General Fund – Schedule of Revenues, Expenditures, and Change in Fund Balance | | | | | | |

| Municipal court | 113,957 | 157,116 | (43,159) | | | |
| Police department | 1,061,225 | 1,106,775 | (45,550) | | | |
| Public works | 360,543 | 382,211 | (21,668) | | | |
| Capital outlay | 1,857 | 6,129 | (4,272) | | | |
| Total Expenditures | 3,089,776 | 3,344,155 | (254,379) | | | |
| Net Change in Fund Balance | \$ (120,904) | \$(152,082) | \$ 31,178 | | | |

Key factors that affected the General Fund during the year were as follows:

- In fiscal year 2021, St. Louis County remitted protested property tax receipts to taxing authorities late and fiscal year 2020 included the protested property tax collections from fiscal year 2019 and 2020.
- Municipal court fines amounted to \$183,644 or 60% of the licenses, permits, fines and fees revenue. This is a decrease of \$223,659 or 55% from the previous years as a result of court being closed due to the COVID-19 pandemic.
- General Fund expenditures decrease is attributed to the changes the Mayor, Board of Aldermen, and city administrator made to reduce the City's contribution for health insurance premiums in response to the economic uncertainty caused by the COVID-19 pandemic.

Park Fund – The fund balance of the Park Fund increased by \$30,903 during fiscal year 2021. Revenues decreased \$360,467 compared to prior year due to a grant received from the Municipal Park Grant Commission in fiscal year 2020. Expenditures decreased by \$355,781 over the prior year primarily due to the acquisition of playground equipment at Oakhaven Park in fiscal year 2020.

SW TIF Fund – As of March 31, 2021, the fund balance was \$2,127,742, which was a decrease of \$216,820 from the prior year. The fluctuation in the SW TIF Fund is attributed to the timing of remitting pledged funds to the Trustee and payments of the principal and interest on the TIF bonds, in addition restrictions imposed on businesses due to the COVID-19 pandemic.

General Capital Projects Fund – Changes in the General Capital Projects Fund's fund balance will fluctuate between surpluses and deficits from year-to-year reflecting the general nature and purpose of the fund; to finance capital projects. In 2021, the fund's fund balance increased \$73,524. The City deferred capital projects due to the COVID-19 pandemic.

Infrastructure Capital Projects Fund – At the end of 2021, the Infrastructure Capital Projects Fund's ending fund balance was \$853,752, an increase of \$434,338 from the prior year. Street and storm water improvement projects are all financed through this fund. As of March 31, 2021, street projects completed and capitalized total \$376,147. The City continues the focus on street improvements and maintains a tenyear street improvement long-term plan that is updated annually.

Fiduciary Funds

The City maintains a fiduciary fund for the assets of the uniformed personnel through the Uniformed Employee Pension Trust Fund. As of the end of the current fiscal year ending March 31, 2021, the net position of the Pension Trust Fund totaled \$2,196,510. This is an increase of \$430,952 that is attributed to interest and dividends, and the net appreciation in fair value of the investments exceeding the benefit payments made.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of March 31, 2021, the City had \$19,232,076 invested in a broad range of capital assets (net of accumulated depreciation) (see Table 8). This was a decrease of \$336,913 from the previous year. The City's investment in capital assets included roads, park playground equipment, and vehicles. In response to the COVID-19 pandemic, the City prioritized street improvement projects.

Major capital asset

Street improvements in the amount of \$269,431 were completed during the fiscal year.

Additional information on the City's capital assets can be found in Note D in the notes to financial statements.

Long-term Liabilities

As of March 31, 2021, the City's long-term debt net of discounts and premiums total \$28,788,138 a decrease of \$1,323,232 or 4.4% compared to the prior year. Tax increment financing (TIF) debt is \$20,037,365 or 69.6% of the total long-term debt outstanding. The TIF debt is considered a special limited obligation of the City and is for infrastructure assets not owned by the City. The following is a summary of long-term liabilities: (see Table 9)

| Long-tern | Tal m Liabilities, Net | ole 9 of Discounts and | Premiums | |

| Total Long-term Liabilities, Net | \$ 28,788,138 | \$ 30,111,370 | \$ (1,323,232) | (4.4) % |

Additional information on the City's long-term liabilities can be found in Note H in the notes to financial statements.

GENERAL FUND BUDGETARY HIGHLIGHTS

As of March 31, 2021, the City made amendments to the General Fund's original budget decreasing expenditures \$104,678. Revenues were \$144,633 less than the final budget of \$3,113,505 primarily due to decreases majority of all revenue categories offset by the receipt of the St. Louis County CARES Municipal Relief Program funds. Expenditures were \$83,604 below the final budget of \$3,173,380 due to various decreases in expenditures.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

- General Fund expenditure budget for fiscal year 2022 decreased before transfers 4.4% compared to fiscal year 2021 final budget. The expenditure budget retains the reduction to the City's contribution for health insurance premiums.
- The Mayor and Board of Aldermen remain committed to long-term financial planning. Annually, in conjunction with the budget process the five-year operational plans and the ten-year capital plans are updated. The City expects to receive the following benefits from the long-term financial plan:

 1) Maintain stable tax rates for residents; 2) Balance budgets that allow for the timely funding of the Uniformed Employees' Pension Fund; 3) Ensure City capital funds remain stable and able to provide funding for continued street improvements; 4) Financial flexibility; 5) Improved service planning for the residents; 6) Sustainable growth; and 7) Manage low or no revenue growth.
- In January 2021, the Board of Aldermen approved a ballot measure for a Use Tax to supplement the City sales tax revenues. The voters approved the ballot measure in April 2021 and the City expects to begin receiving the additional sales tax monies in the 4th quarter of 2021.

- The liability for the Uniformed Employee Pension Fund continues to be an on-going issue. The funded ratio has increased from 53.69% in fiscal year 2020 to 67.32% in fiscal year 2021 as a result investment income and net appreciation of investment.
 - In 2016, Missouri House Bill 1443 was enacted to give local governments with frozen pension plans the option to choose The Missouri Local Government Employees Retirement System (LAGERS) as their plan administrator and trustee. This important legislation allows government units to take advantage of LAGERS' size and expertise to ensure these local plans will be sustainable until the last beneficiary is paid.
 - In May 2018 the Uniformed Employee Pension Plan board voted unanimously to recommend to the Board of Alderman that the administration and trustee service for the Uniformed Employees Pension Plan be transferred to LAGERS. This will provide the City with lower annual fixed contribution payments for a fifteen year period while providing the promised benefit payments to the plans participants.
 - In fiscal year 2019, the Board of Aldermen decided to hold off on transferring the administration and trustee service for the Unformed Employees Pension Plan to LAGERS due to the down turn in market performance.
 - In fiscal year 2021, the Board of Aldermen approved a ballot measure for a \$0.23 property tax dedicated to pensions. The ballot measure was approved by the voters in April 2021 and the City expects to begin receiving the funds in fiscal year 2022. This pension tax will facilitate the transfer of the Uniformed Pension to LAGERS which is also expected to occur in fiscal year 2022.

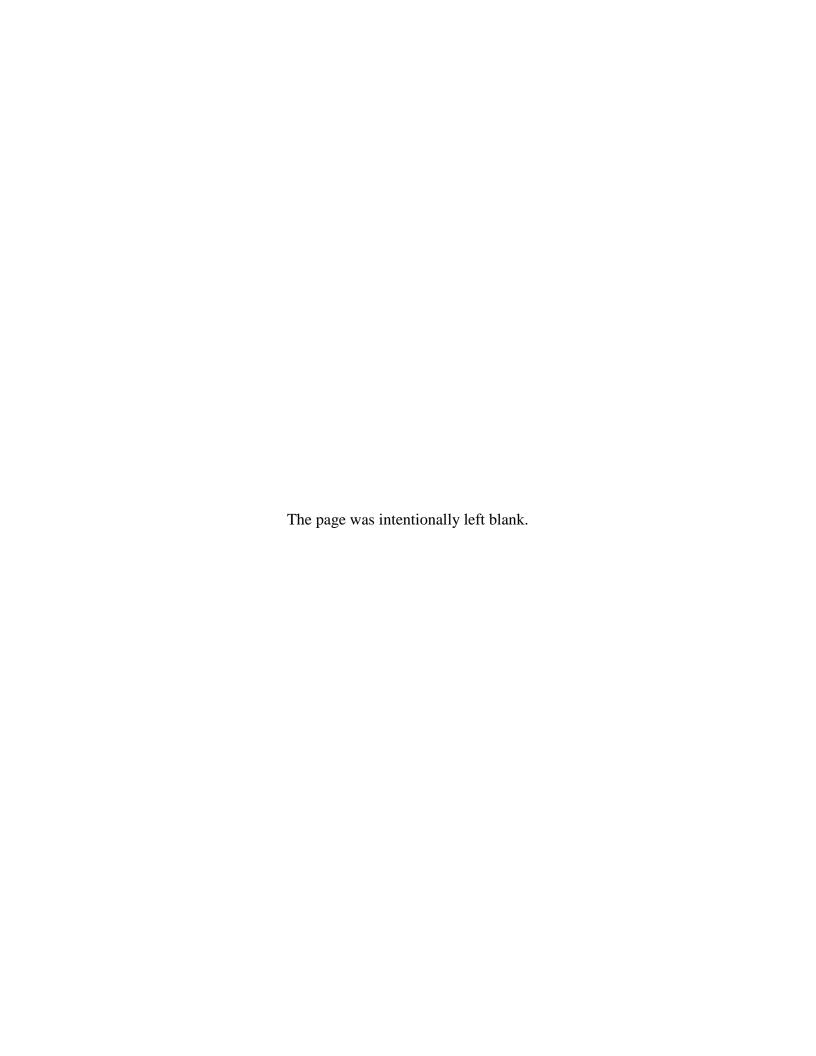

Subsequent to the adoption of the 2020/2021 fiscal year budget the World Health Organization declared the outbreak of COVID-19 coronavirus a global pandemic. As a result, the St. Louis County Executive in conjunction with the St. Louis County Health Department enacted several health orders that had negative economic consequences for the City. In order to reduce the impact of the lost revenue, the Mayor, Board of Aldermen, and city administrator implemented the following changes for the 2020/2021 fiscal year.

- Reduced the City's contribution for health insurance premiums.
- Deferred capital acquisitions
- Prioritized street improvement projects
- Evaluated departmental budgets to find areas for cost savings

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

CITY OF ROCK HILL, MISSOURI

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION MARCH 31, 2021

| Total Fund Balances - Governmental Funds | \$ 5,140,731 |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------|
| Amounts reported for governmental activities in the statement of net position are different because: | |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds. The cost of the assets is \$24,320,556 and the accumulated depreciation is \$5,088,480 | 19,232,076 |
| Certain amounts are not a use of financial resources and, therefore, are not reported in the governmental funds. These items consist of: | |
| Net pension asset | 33,832 |
| Net pension liability | (1,066,221) |
| Deferred outflows - pension related | 939,885 |
| Deferred inflows - pension related | (790,848) |
| Some revenues are not available soon enough to pay for current expenditures | |
| and are not reported as revenues in the governmental funds | 180,458 |
| Certain long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term | |
| liabilities at year-end consist of: | |
| Accrued compensation absences | (146,426) |
| Accrued interest payable | (4,479,095) |
| Bonds payable | (8,009,974) |
| Tax increment financing bonds | (11,830,000) |
| Tax increment financing notes | (8,337,701) |
| Deferred amount on refunding | 97,653 |
| Unamortized bond premium | (594,373) |
| Unamortized bond discount | 130,336 |

CITY OF ROCK HILL, MISSOURI

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED MARCH 31, 2021

| Net Change In Fund Balances - Governmental Funds | \$ 164,165 |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------|
| Amounts reported for governmental activities in the statement of activities are difference because: | |
| Capital outlays are reported in the governmental funds as expenditures, however, in the statement of activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays over the capitalization threshold (\$374,920) exceeded depreciation (\$711,833) in the current period | (336,913) |
| The governmental funds report bond proceeds as an other financing source, while repayment of bond principal is reported as an expenditure. In the statement of net assets, however, issuing debt increased long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds financial statements but reduces the long-term liabilities in the statement of net assets. Repayments during the current year: | |
| Bonds payable | 1,300,000 |
| Amortization of premiums on debt issuance | 48,915 |
| Amortization of discount on debt issuance. | (8,938) |
| Amortization of deferred charges on refunding | (19,706) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds: | |
| Deferred revenues. | 113,217 |
| Under the modified accrual basis of accounting used in the governmental funds financial statements, expenditures are not recognized for transactions that are not normally paid with expendable accrual basis of accounting, expenses and liabilities are reported regardless of when financial resources are available. The net changes of these items are: | |
| Accrued compensated absences liability | (16,745) |
| Accrued interest | (930,901) |
| Net pension liability | 83,365 |
| Deferred outflows - pension related | (81,444) (382,685) |
| Deterred finitows - pension related | (304,003) |
| Change in Net Position of Governmental Activities | \$ (67,670) |

| NET POSITION RESTRICTED FOR PENSION, MARCH 31 | \$ 2,196,510 |

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The **CITY OF ROCK HILL, MISSOURI** (the City) was incorporated on April 29, 1929. The City operates under a Mayor-Board of Alderman-Administrator form of government and provides the following services: public safety (police and fire), public works, parks and recreation, housing, judicial, and general administrative services.

The accounting policies and financial reporting practices of the City conform to accounting principles generally accepted in the United States of America as applied to governmental entities. The following is a summary of the more significant policies.

1. Reporting Entity

The financial statements of the City include the financial activities of the City and any component units, entities which are financially accountable to the City. The City does not currently have any component units.

2. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items that are not generated by programs are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are Pension Trust Fund financial statements. The Agency Fund's financial statements are reported using the accrual basis of accounting with no economic resources measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Governmental funds financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accountings. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be measurable and available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due (i.e., matured).

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund – The General Fund accounts for all activities except those required to be accounted for in another fund. Revenues in this fund are derived from taxes, fees, and other sources that are used for general ongoing government services such as police, fire, public works, and administration.

Park Fund – The Park Fund is used to account for park and stormwater sales taxes and grants to be used for park operations, improvements, and stormwater.

Sewer Lateral Fund – The Sewer Lateral Fund is used for the sewer lateral insurance fees restricted specifically for repairs of broken single-family and condominium residential sewer laterals.

SW TIF Fund – The SW TIF Fund is used to account for tax increment financing revenue from the SW redevelopment area.

General Capital Projects Fund – The General Capital Projects Fund is used to account for revenues derived from capital improvement sales taxes and grants to be used for the acquisition, construction, improvements, or maintenance for City equipment, vehicles or facilities.

Infrastructure Capital Projects Fund – The Infrastructure Capital Projects Fund is used to account for revenues derived from motor vehicle taxes, road and bridge taxes, and grants to be used for the constructions, improvements, or maintenance of infrastructure relating to streets and sidewalks.

Debt Service Fund – The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Additionally, the City reports the following fund types

Pension Trust Fund – The Pension Trust Fund is used to account for assets held in a trustee capacity for the City's eligible employees.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges and various other functions of the City. Eliminations of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or other benefits provided; 2) operating grants and contributions: and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

4. Cash and Investments

The City considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. State statutes authorize the City to invest in obligations of U.S. Treasury, federal agencies, commercial paper, corporate bonds, and repurchase agreements. Pension Funds may also invest in mutual funds. Investments are stated at fair value.

5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City only has two items that qualifies for reporting in this category. These items are deferred charge on refunding and deferred amounts related to pension reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred amounts related to pension are differences between expected and actual experience, net difference between projected and actual earnings on pension plan investments, and changes of assumptions. These amounts are deferred and amortized over six years.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has only two types of items, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. The item, deferred amounts related to pension reported in the government-wide statement of net position. The deferred amounts related to pension are differences between expected and actual experience, net difference between projected and actual earnings on pension plan investments, and changes of assumptions. These amounts are deferred and amortized over five years. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and court fines and cost. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

6. Capital Assets

Capital assets, which include property, equipment, and infrastructure (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities column in the government-wide financial statements, net of accumulated depreciation. Capital assets are defined by the City as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service arrangement are recorded at estimated acquisition value as of the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

The City has elected not to record the historical cost of infrastructure placed in service prior to April 1, 2004.

Depreciation is being computed on the straight-line method with no depreciation in the year placed in service, using asset lives as follows:

| Assets | Years |
|----------------------------|---------|
| Buildings and improvements | 10 - 40 |
| Vehicles | 5 - 7 |
| Equipment | 7 - 25 |
| Infrastructure | 40 |

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Compensated Absences

The City accrues compensated absences when vested. The current and noncurrent portions are recorded in the government-wide financial statements.

Vacation benefits accrue to employees based on their anniversary date of employment and are limited to a maximum of ten days over the employee's yearly entitlement. Upon leaving employment of the City, an employee is entitled to payment for accrued vacation.

Compensatory time accrues to a maximum of 240 hours for Fire Fighters, 80 hours for Police Officers, and 40 hours for all other employees. Sick leave accrues to a maximum of 648 hours for Fire Fighters and 480 hours for all other employees. Upon leaving employment of the City, an employee is not entitled to payment for accrued sick leave.

8. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well bond issuance costs, during the current period. The face amounts of debt issued is reported as other financing sources. Premiums received on a debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

9. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1, based on the assessed value of the property. Taxes are levied in October and are due and payable on or before December 31.

Property tax revenue is recognized to the extent it is collected within 60 days after year-end in the fund financial statements. Property taxes not collected within 60 days of year-end are deferred for fund financial statements but are recognized as revenue in the government-wide financial statements.

All property tax assessment, billing, and collection functions are handled by the St. Louis County government. Taxes collected are remitted to the City by the St. Louis County Collector (the County Collector) in the month subsequent to the actual collection date. Taxes held by the County Collector, if any, are included in property taxes receivable in the accompanying fund financial statements.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

10. Allowance

Taxes and bonds receivable are shown net of an allowance for uncollectible accounts of \$9,238.

11. Advances and Due To/From Other Funds

Noncurrent portions of long-term interfund loans receivable (reported in "advances to" asset accounts) are equally offset by a fund balance nonspendable account which indicates that they do not constitute "available spendable resources." Current portions of long-term interfund loans receivable (reported in "due from" asset accounts) are considered "available spendable resources" and are subject to elimination upon consolidation.

12. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items are recorded as expenditures/expenses when consumed rather than when purchased.

13. Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and the accompanying notes. Actual results could differ from those estimates.

14. Fund Balance Policies

The City's policy is to report the fund balance in the following categories, when applicable, listed from the most restrictive to the least restrictive:

Nonspendable – The portion of fund balance that is not in a spendable form or is required to be maintained intact.

Restricted – The portion of fund balance that is subject to external restrictions and constrained to specific purposes imposed by agreement, through constitutional provisions, or by enabling legislation.

Committed – The portion of fund balance with constraints or limitations by formal action of the Board of Aldermen, the highest level of decision-making authority.

Assigned – The portion of fund balance that the City intends to use for a specific purpose as determined by the applicable City officials to which the Board of Aldermen has designated authority.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

14. Fund Balance Policies (Continued)

Unassigned – Amounts that are available for any purpose. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amount that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

When both restricted and unrestricted resources are available, the City will spend the most restricted amounts before the least restricted – restricted, committed, assigned, and then unassigned.

The fund balance of the City's General Fund has been accumulated to provide stability and flexibility to respond to unexpected adversity and/or opportunities. The target is to maintain an unassigned fund balance of not less than 25% of annual operating expenditures for the fiscal year.

15. Net Position

Net Position represents the difference between assets and liabilities. Net investment in capital assets represents the cost of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. All other net position is reported as unrestricted.

NOTE B – CASH AND INVESTMENTS

1. Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City's bank deposits are required by state law to be secured by the deposit of certain securities specified at RSMo 30.270 with the City or trustee institution. The value of the securities must be at least equal to the total of the City's cash not insured by the Federal Deposit Insurance Corporation. As of March 31, 2021, the City's bank balance of \$3,006,669 was fully insured by depository insurance and collateralized with securities held by the Federal Reserve Bank.

The deposits and investments held at March 31, 2021, and reported at fair value, are as follows:

| Туре | Carrying Value |
|---------------------------------------------|----------------|
| Deposits: | |
| Demand deposits | \$ 2,912,473 |
| Cash on hand | 650 |

| Blackrock strategic income | 40,355 | - | | - | 40,355 | _ | BB |
| Dodge & Cox income | 218,435 | - | | - | - | 218,435 | A |
| Prudential high yield | 43,659 | - | | - | 43,659 | _ | В |
| MFS Emerging markets | | | | | | | |
| debt | 42,741 | - | | - | - | 42,741 | BB |
| Vanguard inflation | | | | | | | |
| protected | 135,048 | - | | - | - | 135,048 | AA |
| Total Fiduciary Funds | | | | | | | |
| Investments | 2,195,645 | 1,477,862 | | - | 84,014 | 633,769 | |
| Total Investments | \$4,210,273 | \$ 3,492,490 | \$ | - | \$ 84,014 | \$ 633,769 | |

3. Investment Policies:

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's investment policy states that they minimize credit risk by prequalifying the financial institutions, brokers/dealers, and advisors with which the City will do business and diversifying the portfolio to reduce potential losses on individual securities.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The City's investment policy states that they minimize interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and investing primarily in shorter term securities.

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City's investment policy states that they minimize concentration of credit risk by diversifying the investment portfolio.

NOTE B – CASH AND INVESTMENTS (Continued)

4. Fair Value Measurements (Continued):

The City classifies its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The inputs and methodologies used for valuing investment securities are not necessarily an indication of risk associated with investing in those securities.

The Primary Government did not have any investments subject to fair value level classification as of March 31, 2021.

The Fiduciary Fund has the following recurring fair value measurements as of March 31, 2021.

- Fixed income mutual funds of \$717,783 and equity mutual funds of \$1,448,750 are valued using quoted prices. (Level 1 inputs)
- Money market funds of \$29,112 are investments not subject to fair value level classification.

5. Investment Policy-Uniformed Employee Pension Plan:

The Plan's policy in regard to the allocation of invested assets is established and may be amended by the Uniformed Employees' Pension Plan Board. Plan assets are managed with a long-term object of achieving the ability to pay all benefit and expense obligations provided through the Plan.

Credit Risk - The plan does not have a specific policy addressing custodial credit risk. Neither the Pension Trust's bank balances not its investments were subject to custodial credit risk this year.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The plan's investment policy states that they minimize interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations. The City has elected to use the segmented time distribution method of disclosure for its interest rate risk located on the previous page and the fixed income mutual funds listed therein, have average effective maturity ranging from 4.6 to 11.4 years.

Rate of return: For the year ended March 31, 2021, the annual money weighted rate of return on the pension plan investments, net of pension plan investment expense, was 39 percent. The money-weighted rate of return expresses investment performance, net of investment expense adjusted for the changing amounts actually invested.

NOTE B – CASH AND INVESTMENTS (Continued)

5. Investment Policy-Uniformed Employee Pension Plan (Continued):

Concentration of Credit Risk is required to be disclosed by the plan for any single investment that represents 5% or more of the total investments (excluding investments issued by or explicitly guaranteed by the US Government and investments in mutual funds). As of March 31, 2021, the Plan's investments were all in mutual funds.

The following is the asset allocation policy as amended by the Uniformed Employees' Pension Plan Board on April 9, 2015:

| Asset Class | Minimum | Target | Maximum |
|---------------|---------|--------|---------|
| Money Market | 2% | 4% | 6% |
| Fixed Income | 26% | 31% | 50% |
| Large Cap | 25% | 35% | 40% |
| Small/Mid Cap | 10% | 15% | 20% |
| International | 10% | 15% | 20% |

NOTE C - PROPERTY TAX

The City's property tax is levied annually on or before October 1 based on the assessed valuation of all real and personal property located in the City as of the previous January 1. Assessed valuations are established by the St. Louis County Assessor. Rock Hill citizen's approved a 34 cent property tax to be used for General Government Services. The City's tax rate per \$100 of assessed valuation is levied as follows.

| | Real | Estate | |
|---------------------------------------------|---------------------|---------------------|----------------------|
| | Residential | Commercial | Personal Property |
| General government services Debt service | \$ 0.2250 0.6380 | \$ 0.2750 0.6380 | \$ 0.3400 0.6380 |
| Total property tax levied: | \$ 0.8630 | \$ 0.913 | \$ 0.978 |

Taxes are billed October 1, are due and collectible on December 31, and are delinquent and represent a lien on related property on January 1 of the following year. Taxes are billed, and remitted to the City by the St. Louis County Collector.

NOTE D – CAPITAL ASSETS

The following is a summary of changes in capital assets:

| | For The Year Ended March 31, 2021 | | | | | | |
|-----------------------------------------|-----------------------------------|-------|-----------|----|----------|-----|------------------------------|
| | Balance March 31 2020 | ١, | dditions | D | eletions | | Balance Iarch 31, 2021 |
| Capital assets not being depreciated: | | | | | | | |
| Land | \$ 315,6 | 90 \$ | - | \$ | - | \$ | 315,690 |
| Construction in progress | 202,5 | 26 | 169,386 | | 63,897 | | 308,015 |
| Total Capital Assets Not Being | | | | | | | |
| Depreciated | 518,2 | 16 | 169,386 | | 63,897 | | 623,705 |
| Capital assets being depreciated: | | | _ | | _ | | _ |
| Buildings and improvements | 7,707,9 | 69 | - | | - | | 7,707,969 |
| Vehicles | 1,442,6 | 55 | - | | - | | 1,442,655 |
| Equipment | 774,8 | 06 | _ | | - | | 774,806 |
| Infrastructure | 13,501,9 | 90 | 269,431 | | - | 1 | 3,771,421 |
| Total Capital Assets Being | | | _ | | _ | | _ |
| Depreciated | 23,427,4 | 20 | 269,431 | | | 2 | 23,696,851 |

| Public works | | 441,082 |
| Total | \$ | 711,833 |

NOTE E – EMPLOYEE RETIREMENT SYSTEMS

Missouri Local Government Employees Retirement System

1. Plan Description

The City's employees participate in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan, which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section RSMo 70.600 – 70.755. As such, it is LAGERS' responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and it is tax exempt. LAGERS issues a publicly available financial report that includes financial statements and required supplemental information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, MO 65102 or by calling 1-800-447-4334.

2. Benefits Provided

LAGERS provides retirement, death and disability benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

| Benefit multiplier – general, police and fire | 1.25% |
|-----------------------------------------------|---------|
| Final average salary | 5 years |

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer price Index and is limited to 4% per year.

3. Employees Covered by Benefit Terms

At June 30, 2020, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 19 |
|------------------------------------------------------------------|----|
| Inactive employees entitled to but not yet receiving benefits | 12 |
| Active employees | 31 |
| Total | 62 |

NOTE E – EMPLOYEE RETIREMENT SYSTEMS (Continued)

Missouri Local Government Employees Retirement System (Continued)

4. Contributions

The City is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount of finance an unfunded accrued liability. The City contribution rates are 0.3% (General), 13.4% (Police) and 10.9% (Fire) of annual covered payroll.

5. Net Pension Liability

The City's net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 29, 2020.

6. Actuarial Assumptions

The total pension liability in the February 29, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.25% wage inflation; 2.5% price inflation Salary increase 3.25% to 6.55% including wage inflation

Investment rate of return 7.25% net of investment and administrative expenses

The healthy retiree mortality tables for post-retirement mortality were RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables for post-retirement mortality were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were they RP-2014 employees' mortality tables for males and females.

Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The actuarial assumptions used in the February 29, 2020 valuation were based on the results of an actuarial experience study for the period March 1, 2010 through February 28, 2015.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table.

NOTE E – EMPLOYEE RETIREMENT SYSTEMS (Continued)

Missouri Local Government Employees Retirement System (Continued)

| Asset Class | Target Allocation | Long-term Expected Real Rate of Return |
|------------------|-------------------|----------------------------------------------|
| Alpha | 15.0% | 3.67% |
| Equity | 35.0 | 4.78 |
| Fixed Income | 31.0 | 1.41 |
| Real assets | 36.0 | 3.29 |
| Strategic Assets | 8.0 | 5.25 |
| Cash/leverage | (25.0) | (0.29) |

7. Discount Rate

The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for the employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

Missouri Local Government Employees Retirement System (Continued)

9. Sensitivity of the Net Pension Liability to Change in the Discount Rate

The following presents the new pension liability of the employer, calculated using the discount rate of 7.25% as well as what the employer's net pension liability would be using a discount rate that is 1% point lower (6.25%) or 1% point higher (8.25%) than the current rate.

| | 1% Decrease 6.25% | Current Single Discount Rate Assumption 7.25% | 1% Increase 8.25% |
|-------------------------------|-------------------------|-----------------------------------------------|-------------------------|
| Net pension liability (asset) | \$ 764,776 | \$ (33,832) | \$ (694,305) |

10. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended March 31, 2021, the City recognized pension expense of \$260,962. Reported deferred outflows and inflows of resources are related to the following sources.

| | Outflows | Inflows | Net Outflows |
|-------------------------------------|------------|--------------|--------------|
| Differences in experience | \$ 224,682 | \$ (95,565) | \$ 129,117 |
| Assumption changes | 36,243 | (11,861) | 24,382 |
| Excess (deficit) investment returns | 156,420 | - | 156,420 |
| Contributions subsequent to the | | | |
| measurement date* | 119,082 | - | 119,082 |
| Total | \$ 536,427 | \$ (107,426) | \$ 429,001 |

^{*}The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability for the next year.

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in the pension expense as follows:

| For The | |
|--------------|------------|
| Years Ending | |
| June 30 | |
| 2021 | \$ 37,567 |
| 2022 | 68,392 |
| 2023 | 102,383 |
| 2024 | 73,976 |
| 2025 | 18,702 |
| Thereafter | 8,899 |
| Total | \$ 309,919 |

NOTE E – EMPLOYEE RETIREMENT SYSTEMS (Continued)

Missouri Local Government Employees Retirement System (Continued)

11. Payable to the Pension Plan

As of March 31, 2021, the City had no outstanding amounts for contributions due to the pension plan.

Pension Plan for the Uniformed Employees' of the City of Rock Hill

1. Plan Summary

Plan description: The Uniformed Employees' Pension Plan (the Plan), is a closed, single-employer, defined benefit pension plan administered by the City of Rock Hill covering all full-time employees of the Police and Fire Departments of the City hired before October 28, 2003. The Plan was created and governed by ordinance in accordance with state statutes. The Plan may be amended under the provisions of the original ordinance.

The Plan does not issue a separate financial report.

Plan administration: Management of the Plan is vested in the Uniformed Employees' Pension Board, which consists of five members—the Mayor and City Treasurer, who serves as exofficio members, two elected by plan members, one appointed by the Mayor.

Plan membership: As of March 31, 2021, membership in the Plan is comprised of the following:

| Inactive employees or beneficiaries currently receiving benefits | 15 |
|------------------------------------------------------------------|----|
| Inactive employees entitled to but not yet receiving benefits | 9 |
| Active employees | 0 |
| | 24 |

Benefits provided: Covered employees are vested in their Accrued Monthly Pension Benefit after 5 or more years of vesting service.

Covered employees who have attained the age of 60 years and have 20 years of vesting service shall be eligible for normal retirement benefits. Covered employees who have attained the age of 50 years and have 10 years of vesting service shall be eligible for early retirement benefits.

Participants who had not started receiving benefits by May 1, 2003 shall be eligible to receive 30% of their final average monthly compensation reduced by 1/20th for each year of benefit service at normal retirement less than 20 years plus a temporary benefit of 20% of final average monthly compensation reduced 1/20th for each year of benefit service at normal retirement less than 20 years. This temporary benefit shall be payable only until the participant reaches age 62.

NOTE E – EMPLOYEE RETIREMENT SYSTEMS (Continued)

Pension Plan for the Uniformed Employees of the City of Rock Hill (Continued)

1. Plan Summary (Continued)

Participants who were age 50 or had 15 years of service as of April 30, 2003 shall be eligible for 50% of their final average monthly compensation reduced by 1/20th for each year of benefit service at normal retirement less than 20 years.

Final average compensation is defined as the participant's highest average five consecutive completed plan years' earnings prior to retirement or termination. Years of benefit service is defined as the number of full years of continuous service from the date of hire. The monthly normal retirement pension is payable for the life of the participant with 120 payments guaranteed.

Contributions: As of March 31, 2021, the City did not have a formal contribution policy. Annual contributions made to the Plan over the last five years averaged 53% of the Actuarial Required Contribution (ARC). Based on the actuary's recommendation, the City will research a contribution policy that better reflects the facts that the Plan is frozen and the number of active participants is declining.

2. Net Pension Liability

The City's net pension liability was measured as of March 31, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The General Fund has typically been used in prior years to liquidate pension liabilities.

Actuarial assumptions: The total pension liability in the March 31, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | Beginning | Ending |
|---------------------------------------|-----------|--------|
| Discount Rate | 5.50% | 5.50% |
| Investment Rate of Return | 5.50% | 5.50% |
| Salary Increases, including inflation | 0.00% | 0.00% |
| Inflation | 3.00% | 3.00% |

Mortality

| Pre-Retirement, Beginning | None |
|----------------------------|-------------------------------------------------------------------------------------------|
| Post-Retirement, Beginning | SOA Pub 2010 Public Safety Table, projected generationally with MP-2019 improvement scale |
| Pre-Retirement, Ending | None |
| Post-Retirement, Ending | SOA Pub 2010 Public Safety Table, projected generationally with MP-2020 improved scale |
| Termination Rates | None |
| Disability Rates | None |
| Retirement Rates | 100% retirement at age 60 |

NOTE E – EMPLOYEE RETIREMENT SYSTEMS (Continued)

Pension Plan for the Uniformed Employees of the City of Rock Hill (Continued)

2. Net Pension Liability (Continued)

Expected long-term rate of return: The expected long-term rate of return was developed using the Black-Litterman Method by the Plan's financial advisor. Long-term capital market return assumptions were developed for each individual asset class included in the Plan. The return assumptions for each asset class are developed by combining historical equilibrium returns with the financial advisor's subjective views. These individual asset class return assumptions are then multiplied by the pension plan's target asset allocation to each individual class, which results in producing a long-term expected rate of return of 5.5 percent for the Plan. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class | Target Allocation | Long-term Expected Real Rate of Return |
|---------------------|-------------------|----------------------------------------|
| Large cap | 35% | 6.75% |
| Small/Mid cap | 15 | 8.00 |
| International | 10 | 8.70 |
| Emerging markets | 5 | 11.15 |
| US fixed income | 26 | 2.20 |
| Global fixed income | 5 | 2.00 |
| Cash | 4 | 0.20 |
| Total | 100% | |

Discount rate: Discount rate may or may not be equal to the expected long-term rate of return. Assets and liabilities were projected into the future (assuming 75% of the required contributions are deposited) to determine if there is a point at which the assets are unable to pay benefits. The projections show that this occurs late enough that there is no measurable effect to the Discount Rate. The resulting effective interest rate is 5.50 percent for the fiscal years ending 3/31/2020 and 3/31/2021, respectively.

3. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended March 31, 2021, the City recognized pension expense of \$274,246. At March 31, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

| | Outflows | Inflows | Net Outflows |
|-------------------------------------|------------|--------------|-----------------|
| Differences in experience | \$ 27,251 | \$ (66,365) | \$ (39,114) |
| Assumption changes | 268,185 | (598,554) | (330,369) |
| Excess (deficit) investment returns | 108,022 | (18,503) | 89,519 |
| Total | \$ 403,458 | \$ (683,422) | \$ (279,964) |

NOTE E – EMPLOYEE RETIREMENT SYSTEMS (Continued)

Pension Plan for the Uniformed Employees of the City of Rock Hill (Continued)

3. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

| For the Years Ending | |
|----------------------|--------------|
| March 31, | |
| Triaren 31, | |
| 2022 | \$ (19,125) |
| 2023 | (50,635) |
| 2024 | (42,041) |
| 2025 | (55,671) |
| 2026 | (112,492) |
| Thereafter | - |
| Total | \$ (278,964) |

4. Payable to the Pension Plan

At March 31, 2021 the City had no payable for contributions to the Plan.

Summary of financial reporting of the City's pension plans:

| | LAGERS | Uniformed Employees | Total |
|---------------------------------------------------------------------------------|------------------------------------------|-------------------------------------------|-------------------------------------------|
| Pension liabilities Pension assets Net pension liability(asset) | \$ 5,557,903 5,591,735 \$ (33,832) | \$ 3,262,731 2,196,510 \$ 1,066,221 | \$ 8,820,634 7,788,245 \$ 1,032,389 |
| Pension related deferred outflow | \$ 536,427 | \$ 403,458 | \$ 939,885 |
| Pension related deferred inflow | \$ (107,426) | \$ (683,422) | \$ (790,848) |
| Pension expenditures for the period associated with the net pension liabilities | \$ 260,962 | \$ 274,246 | \$ 535,208 |

NOTE F – RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damages to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The City is a member of the St. Louis Area Insurance Trust (SLAIT), which is a not-for-profit, self-insurance risk pool formed by various St. Louis County municipalities to cover worker's compensation, health insurance, and general liability matters. The purpose of this trust is to distribute the cost of self-insurance over similar entities. In addition to insurance protection, the program provides risk management services with emphasis in loss control, claims administration, and management information services. SLAIT is fully funded by its member participants and employs an outside service company to process all claims.

SLAIT requires an annual premium payment by members to cover estimated claims payable and reserves for claims. The members of SLAIT have no legal interest in the assets, liabilities, or fund balances of SLAIT. However, the City is contingently liable to fund its pro rata share if any deficit incurred by SLAIT should SLAIT cease operation at some future date.

Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE G – COMMITMENTS AND CONTINGENCIES

The City receives various grants and state funding for specific purposes that are subject to review and audit. These reviews and audits could lead to requests for reimbursement or to withholding of future funding for expenditures disallowed under or other noncompliance with the terms of the grants and funding. The City is not aware of any noncompliance with federal or state provisions that might require the City to provide reimbursement.

All Missouri entities, which have collected confiscation funds, may be required to remit part or all of these funds to other governmental entities. There is no information presently available to project the impact, if any, on the City's financial position.

Construction Commitments

The City has an active construction project for the design and construction of Municipal facilities. As of March 31, 2021 the City's commitments with contractors are as follows:

| Contractor | Total Spent As of March 31, 2021 | Remaining Commitment | | |
|----------------|----------------------------------|-------------------------|--------|--|
| K&S Associates | \$ 5,795,982 | \$ | 10,000 | |
| Total | \$ 5,795,982 | \$ | 10,000 | |

NOTE H – LONG-TERM LIABILITIES

Long-term debt consists of the following:

| | For the Year Ended March 31, 2021 | | | | | | | | |
|---------------------------------|-----------------------------------|------------------------------|--------|--------|----|-----------|-----------------------|-------|-----------------------------|

| Tax increment revenue | | | | | | | | | |
| Bonds | | 12,605,000 | | - | | 775,000 | 11,830 | 0,000 | 590,000 |
| Less – Discount | | (139,274) | | - | | (8,938) | (130 | ,336) | - |
| Compensated absences | | 129,681 | 11 | 19,977 | | 103,232 | 146 | 5,426 | 87,856 |
| Total | \$ | 30,111,370 | \$ 11 | 19,977 | \$ | 1,443,209 | \$28,788 | 3,138 | \$1,217,856 |

The general obligation bonds are to be liquidated by the Debt Service Fund. The tax increment revenue notes and bonds are to be liquidated by the SW TIF Fund. The compensated absences are to be liquidated by the General Fund and Park Fund.

General Obligation Bonds

General obligation bonds are obligations of the City, and the full faith credit, and resources of the City have been pledged to the payment of principal of and interest on the bonds and payables are comprised of the following issues:

In December, 2010, the City issued \$1,750,000 in General Obligation Refunding bonds to advance refund the Series 2002 General Obligation Bonds. The net proceeds (after payment of underwriting fees and other issuance costs) were used to purchase securities for deposit in an irrevocable trust with an escrow agent to provide for all future debt service payments of the old debt. As of March 31, 2011, \$275,000 was remaining of the old debt which was placed in an irrevocable trust which was considered defeased. The City decreased its aggregated debt service payments by \$140,852 over 11 years, which resulted in an economic gain (difference between the present values of the old and new debt service payments) of \$95,638.

NOTE H – LONG-TERM LIABILITIES (Continued)

General Obligation Bonds (Continued)

In July, 2016, the City issued \$6,100,000 in General Obligation Bonds (Series 2016) with varying interest rates from 2% to 4% due in annual installments through March 1, 2036. The bonds were issued for the purpose of the construction of municipal facilities that include city hall, police station and fire station.

In September, 2017, the City issued \$3,079,974 in General Obligation Bonds (Series 2018) with varying interest rates from 2% to 3%. The City issued the bonds to advance refund the portion of the General Obligation Bonds (Series 2011) maturing on March 1, 2022 and thereafter, in the aggregate principal amount of \$3,080,000. The net proceeds of \$3,202,675 (after payment of underwriting fees and other issuance costs) were used to purchase securities for deposit in an irrevocable trust with an escrow agent to provide for all future debt service payments of the old debt. As a result, that portion of the Series 2011 bonds is considered defeased, and the City has removed the liability from the Statement of Net Position. The defeased bonds were redeemed on March 31, 2019. The City decreased its aggregated debt service payments by \$273,462 over 14 years, which resulted in an economic gain (difference between the present values of the old and new debt service payments) of \$230,565.

Debt service requirements for the bonds are as follows:

| | General Obligation Bonds | | | | | |
|----------------------------------|--------------------------|--------------|-----------------------------------|---------------|--|--|
| For The Years Ended March 31, | Principal | Interest | Compound Interest ¹ | Total | | |
| 2022 | \$ 540,000 | \$ 260,575 | \$ - | \$ 800,575 | | |
| 2023 | 555,000 | 246,850 | - | 801,850 | | |
| 2024 | 570,000 | 232,900 | - | 802,900 | | |
| 2025 | 534,974 | 218,550 | 55,026 | 808,550 | | |
| 2026 | 590,000 | 206,650 | - | 796,650 | | |
| 2027-2031 | 3,280,000 | 735,800 | - | 4,015,800 | | |
| 2032-2036 | 1,940,000 | 239,000 | | 2,179,000 | | |
| Total | \$ 8,009,974 | \$ 2,140,325 | \$ 55,026 | \$ 10,205,325 | | |

¹General Obligation Refunding Bonds Series 2017 includes Capital Appreciation Bonds original principal amount of \$44,974, matures in 2025 with a maturity value of \$100,000. Interest is compounded annually.

NOTE H – LONG-TERM LIABILITIES (Continued)

Tax Increment Revenue Notes and Bonds

During 2015, the City issued \$16,350,000 of Tax Increment Revenue Bonds, Series 2015A (the "Priority Bonds) in conjunction with \$8,337,701 of Tax Increment Revenue Notes, Series 2015B (the Subordinate Notes), to refund the Tax Increment Revenue Notes, Series A and Series B, fund a debt service reserve fund securing the Priority Bonds, and pay the costs of issuing the Bonds. The tax increment revenue bonds and notes are considered a special limited obligation of the City. The City will make principal and interest payments on the tax increment revenue notes based on the incremental payments in lieu of taxes (PILOTS) and economic activity tax (EATS).

Since annual repayment amounts for the tax increment revenue notes will be determined based on future revenues, a schedule of debt service requirements to maturity cannot be established.

NOTE I – RECONCILIATION OF INTERFUND TRANSACTIONS

1. Interfund Transfers

| | Transfers From | Transfers To | Net Transfers |
|--------------------------------------|-------------------|-----------------|------------------|
| Major Funds | | | |
| General Capital Projects Fund | \$ (13,690) | \$ - | \$ (13,690) |
| Infrastructure Capital Projects Fund | - | 188,690 | 188,690 |
| Park Fund | (175,000) | - | (175,000) |
| Total | \$ (188,690) | \$ 188,690 | \$ - |

The transfer from the General Capital Projects Fund to the Infrastructure Capital Projects Fund was for the purpose of funding capital infrastructure projects for street improvements. The transfer from the Park Fund to the Infrastructure Capital Projects Fund was for the purpose of funding capital infrastructure projects that involve stormwater improvements.

NOTE J – UNRESTRICTED NET POSITION DEFICIT

The government-wide statement of net position reflects an unrestricted net position deficit of (\$24,602,362). This total is comprised of \$773,464 in unrestricted net position from operations, an unrestricted net position deficit resulting from the issuance of tax increment revenue bonds and notes in the amount of (\$20,037,365) and interest payable on these notes of (\$4,455,109), which is for development not owned by the City, and net pension liability net of deferred outflows and inflows related to pension of (\$883,352).

The City's responsibility to repay the tax increment revenue bonds and notes extends only to the incremental revenues generated by the TIF district. The tax increment revenue bonds and notes are a special limited obligation of the City and are not used in calculating the City's debt limit.

NOTE K - RESTRICTED NET POSITION

The government-wide statement of net position reports \$4,377,313 of restricted net position, of which 100% is restricted by enabling legislation.

NOTE L – TAX INCREMENT REVENUES PLEDGED

The City has pledged a portion of future tax revenues to repay tax increment revenue bonds and notes issued to finance certain improvements in the City. The bonds and notes are payable solely from the incremental taxes generated by increased sales and assessed property values in the improved area. Incremental taxes were projected to produce 100% of the debt service requirements over the life of the bonds and notes. As of March 31, 2021, the City received \$1,144,779 in tax incremental revenues that were pledged for the debt service on the TIF bonds and notes. Information regarding the TIF bonds and notes are reported in Note H.

NOTE M – NEW ACCOUNTING PRONOUNCEMENT

For year ending March 31, 2021, the City implemented the Governmental Accounting Standards Board (GASB) Statement 84, *Fiduciary Activities*. GASB Statement 84 establishes criteria for identifying fiduciary activities of state and local government.

The implementation of GASB 84 also resulted in the assets and liabilities of the Appearance Bond Deposits, Agency Fund being moved into the General Fund.

NOTE N - RECENT ACCOUNTING PRONOUNCEMENTS

The accounting principles governing the reported amounts, presentation and related disclosures are subject to change from time to time based on new pronouncements and/or rules issued by various governing bodies. The Government Accounting Standards Board (GASB) is responsible for establishing generally accepted accounting principles (GAAP) for state and local governments.

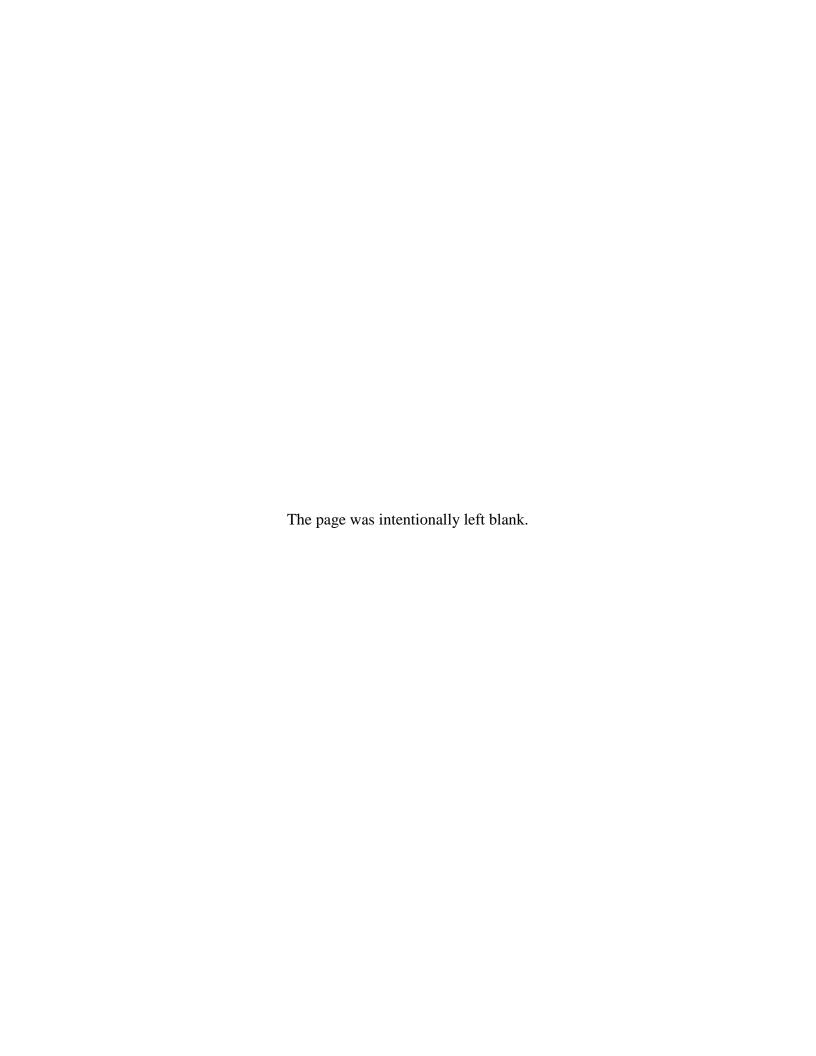

In May 2020, the GASB issued Statement No. 95, "Postponement of the Effective Dates of Certain Authoritative Guidance." GASB Statement No. 87, "Leases" has been postponed 18 months, GASB Statement No. 88, "Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements" and GASB Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period" have been postpone one year.

In June 2019, the GASB issued Statement No. 87, "Leases." The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged.

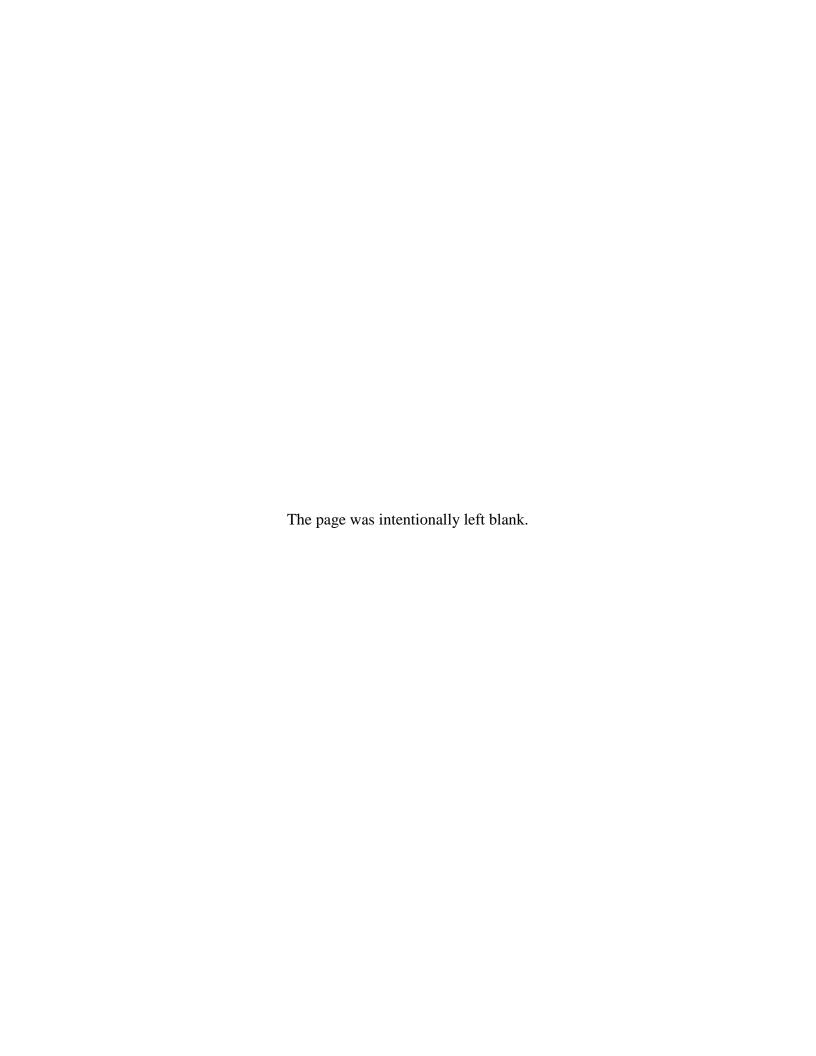

In March 2019, the GASB issued Statement No. 88, "Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements." The objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged.

In June 2019, the GASB issued Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period." The objectives of this Statement are (a) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (b) to simplify accounting for certain interest costs. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The requirements of this Statement should be applied prospectively.

The effects on the City's financial statements as a result of the adoption of these new pronouncements are unknown.

REQUIRED SUPPLEMENTAL INFORMATION – NOTES TO SCHEDULE OF REVENUES, EXPNEDITURES, AND CHANGES IN FUND BALANCES – BUDGET AND ACTUAL FOR THE YEAR ENDED MARCH 31, 2021

1. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data:

- a. Formal budgetary integration is employed as a management control device during the year. This budget is adopted on a basis consistent with the City's basis of accounting described previously.
- b. Unused appropriations lapse at the end of the year.
- c. Budget amounts may include budget amendments that were made during the year, if any.
- d. Board approval is required for budget amendments.
- e. The legal level of budgetary control is at the department level.
- f. A budget is adopted for the General Fund, Park Fund, SW TIF Fund, NW TIF Fund, Debt Service Fund, Sewer Lateral Fund, Police Training Fund, General Capital Projections Fund, and Infrastructure Capital Projects Fund.
- g. The issuance of long-term refunding debt and proceeds of capital leases and related expenditures are not budgeted.

Notes to Schedule

Valuation date:

Actuarially determined contribution rates are calculated as of February 28 prior to the end of the fiscal year in which contributions are reported.

| Methods and assumptions used to determine contribution rates: | intribution rates: |
|---------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Actuarial cost method | Entry age normal and Modified Terminal Funding |
| Amortization method | Level percent of payroll, closed |
| Remaining amortization period | Multiple bases from 15 to 16 years |
| Asset valuation method | 5 years smoothed market; 20% corridor |
| Inflation | 3.25% age inflation; 2.50% price inflation |
| Salary increases | 3.25% - 6.55%; including wage inflation |
| Investment rate of return | 7.25%, net of investment and administrative expenses |
| Retirement age | Experience-based table of rates that are specific to the type of eligibility condition |
| Mortality | The healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table |
| | for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 |
| | disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 |
| | employees mortality table for males and females. |
| | Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation |
| | period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a |
| | particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above |

described tables. New assumptions adopted based on the 5-year experience study for the period March 1, 2010 through February 28, 2015.

Notes to Schedule

Valuation date:

Actuarially determined contributions are calculated biennially as of May 1.

Methods and assumptions used to determine contribution rates:

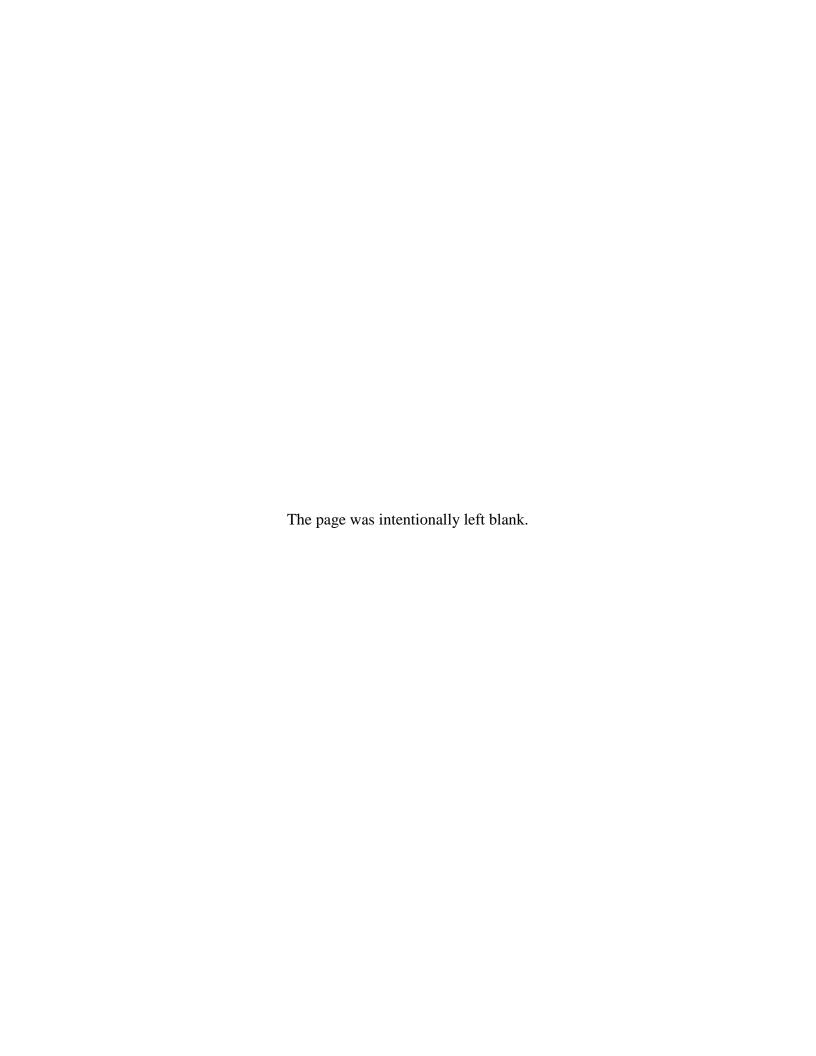

The Level Dollar Aggregate Fund Method has been used to determine the annual contributions amounts for Fiscal Years 2007 through 2016.

Under this method, the Normal Cost is the normal cost per active participant multiplied by the number of active participants. The normal cost per active participant is the present value of projected benefits less the actuarial value of the assets, divided by the total present value of \$1 per year for every year of a participant's anticipated future service, determined as of the participant's attained age.

ACTUARIAL ASSUMPTIONS

| Assumptions for Active Employees: | |
|---------------------------------------|-------------------------------------------------------------------------------------------|
| Discount rate | 5.50% |
| Investment rate of return | 5.50% |
| Salary increases, including inflation | 0.00% |
| Inflation | 3.00% |
| Mortality of Employees | SOA Pub 2010 Public Safety Table, projected generationally with MP-2019 improvement scale |
| Termination Rates | None |
| Disablement Rates | None |
| Retirement Age | 100% retirement at age 60 |
| Assumptions for Retired Employees: | |
| Investment Return | 5.50% |
| Mortality of Employees | SOA Pub 2010 Public Safety Table, projected generationally with MP-2019 improvement scale |

See accompanying independent auditor's report.

OTHER SUPPLEMENTARY INFORMATION

NON-MAJOR GOVERNMENTAL FUNDS SPECIAL REVENUE FUNDS

Special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessment, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes. The special revenue funds maintained by the City are as follows:

<u>Police Training Fund</u> - Used to account for police training revenues from the municipal court costs and the payment of training and travel for the police department.

<u>NW TIF Fund</u> – Used to account for activities of the City's NW redevelopment area tax increment financing district.

NOTES:

^aEffective FY2014 court fines and cost are being reported as a Municipal Court program revenue. Past fiscal years court fines and cost were reported as a Police program revenue.

^bEffective FY2014, general revenues are reported in greater detail: 1) Property and sales taxes are now defined by purpose of the levy; 2) Franchise fees were removed from the categories of property and sales taxes to be reported individually and 4) Cigarette taxes were removed from the categories of property and sales taxes to be reported individually. The change in presentation was done to provide more detail information for the Board of Aldermen and other financial users.

*Commencing in 2003, Missouri State Law required the City to calculate a separate tax rate for residential real estate, agricultural real estate, commercial real estate, and personal property. The tax rate stated above for each year 2010 through 2020 reflects a blended rate for the various types of taxable property.

^a Property tax rates reported in this schedule are the residential property tax rates.

^{*}Effective with 2008, all Metropolitan St. Louis Sewer District (MSD) district-wide and sub-district taxes have been reduced to zero. This is due to the implemenation of the new impervious area stormwater rate.

The sales tax rate in the City is 8.425%, which includes 4.225% for the State of Missouri, 1.7% for St. Louis County, and 2.5% as the City's direct rate which is detailed above. Given the limited number of businesses, it would not be possible to break out sales tax information on industries because of the confidentiality of individual businesses.
